Wissler has now come out with, Illuminated Pixels: The Why, What, and How of Digital Lighting, aimed at providing an alternative to Jeremy Birn ' s standard work on the topic, Digital Lighting and Rendering, which is now in its third edition. As a colleague of Wissler, any opinion I might put forth might seem tainted, so I would like to concentrate more on the topic of lighting itself, including its use in so-called " traditional " animation, along with a brief look at the book itself.
