## 21st Century Storytelling

### Techniques For 21st Century

Interactive storytelling is a form of digital entertainment in which the storyline is not predetermined.

The author creates the setting, characters, and situation which the narrative must address, but the

# Read Free Interactive Storytelling Techniques For 21st Century

user experiences a unique story based on their interactions with the story world. The architecture of an interactive storytelling program includes a drama manager, user model, and agent model to control, respectively, aspects of narrative production,
