'Excellent book.' Nigella Lawson 'Charming, inspiring, uplifting... pure lovely.' Marian Keyes 'Read Rhapsody in Green. A novelist's beautiful, useful essays about her tiny garden.' India Knight 'Glorious...for anyone who loves fruit, vegetables, herbs and language. It makes you see them with new eyes.' Diana Henry 'A witty account of 'extreme allotmenting' for all obsessive gardeners' Mail on Sunday 'An extremely entertaining and inspiring story of one woman's passionate transformation of a small, irregular shaped urban garden into a bountiful source of food.' Woman & Home 'A gardening book like no other, this is the author's 'love letter' to her garden. She relays warm and witty stories about the trials and tribulations throughout her gardening year.' Garden News '...this inspirational, funny book, written by someone who hankers after a homesteader's lifestyle, will make you look at even your window box in a new, more productive light.' The Simple Things 'Gardening is not a hobby but a passion: a mess of excitement and compulsion and urgency and desire. Those who practise it are botanists, evangelists, freedom fighters, midwives and saboteurs; we kill; we bleed. No, I can't drop everything to come in for dinner; it's a matter of life and death out here.' Novelist Charlotte Mendelson has a secret life. Despite owning only six square metres of urban soil and a few pots, she is an

extreme gardener; the creator of a tiny but bountiful edible jungle. And like all enthusiasts, she will not rest until you share her obsession. This is the story of an amateur gardener's journey to addiction: her attempts to buy lion dung from London Zoo and to build her own cold frame; her disinhibited composting and creative approach to design; her prejudices (roses, purple flowers, people with orchards); and her passions: quinces, salad-leaves, herbs, Japanese greens and ancient British apples. It is a story of where fantasy meets reality, of the slow onset of a consuming love and, most of all, of how gardening, however peculiar, can save your life.

Literary ombudsman John Crace never met an important book he didn't like to deconstruct. From Salman Rushdie to John Grisham, Crace retells the big books in just 500 biting satirical words, pointing his pen at the clunky plots, stylistic tics and pretensions to Big Ideas, as he turns publishers' golden dream books into dross. In the grand tradition of Tom Lehrer and Stan Freberg, Crace takes the books that produce the most media hype and retells each story in its author's inimitable style. Philip Roth, Don DeLillo, Margaret Drabble, Paul Auster, Alice Sebold, John Updike, Tom Wolfe, Ruth Rendell, A.S. Byatt, John LeCarre, Michael Crichton and Ian McEwan all emerge delightfully scathed in this book that makes it easy to talk knowingly about books you've never bothered to read or, for that matter, should have.

What's the actual secret to happiness? Great memories! Meik Wiking—happiness researcher and New York Times bestselling author of *The Little Book of Hygge* and *The Little Book of Lykke*—shows us how to create memories that make life sweet in this charming book. Do you remember your first kiss? The day you graduated? Your favorite vacation? Or the best meal you ever had? Memories are the cornerstones of our identity, shaping who we are, how we act, and how we feel. In his work as a happiness researcher, Meik Wiking has learned that people are happier if they hold a positive, nostalgic view of the past. But how do we make and keep the memories that bring us lasting joy? *The Art of Making Memories* examines how mental images are made, stored, and recalled in our brains, as well as the "art of letting go"—why we tend to forget certain moments to make room for deeper, more meaningful ones. Meik uses data, interviews, global surveys, and real-life experiments to explain the nuances of nostalgia and the different ways we form memories around our experiences and recall them—revealing the power that a "first time" has on our recollections, and why a piece of music, a smell, or a taste can unexpectedly conjure a moment from the past. Ultimately, Meik shows how we each can create warm memories that will stay with us for years. Combining his signature charm with Scandinavian forthrightness, filled with infographics, illustrations, and photographs, and featuring "Happy Memory Tips," *The Art of Making Memories* is an inspiration, meditation, and practical handbook filled with ideas to help us make the memories that will bring us joy throughout our lives.

One little word is the secret reminder of what really matters in life: Hygge. CHRISTMAS is the perfect time to embrace it and THIS BOOK will show you how. ----- To me, hygge is: - Meeting my sister for a walk in the park, chatting, laughing and clowning around, as if we were children again. - Listening to the rain on the roof with a cup of tea and my boyfriend next to me. - Drinking wine in my mum's garden - Enjoying a cup of coffee with good friends, that becomes a dinner, that becomes a late-night drink, because no one wants the evening to end. ----- Though we all know the feeling of hygge instinctively few of us ever manage to capture it for more than a moment. Now Danish actress and hygge aficionado Marie Tourell Søderberg - star of BBC 4's *1864* - has travelled the length and breadth of her home country to create the perfect guide to cooking, decorating, entertaining and being inspired the hygge way. Join the happiness revolution! The author of the New York Times bestseller *The Little Book of Hygge* offers more inspiration and suggestions for achieving greater happiness, by practicing Lykke (LOO-ka) — pursuing and finding the good that exists in the world around us every day. While the Danes are the happiest people on the planet, happiness isn't exclusively Danish; cultures around the world have their own unique approaches to leading a contented, fulfilled life. For his work at the Happiness Research Institute in Copenhagen, Meik Wiking travels the globe from Dubai to Finland, Rio de Janeiro to Bhutan, South Korea to the United States, to discover the secrets of the very happiest people. In *The Little Book of Lykke*, Meik identifies the six factors that explain the majority of differences in happiness across the world — togetherness, money, health, freedom, trust, and kindness — and explores what actions we can take to become happier. As he reveals, we can deepen our blissfulness and contentment with little adjustments in our behavior, whether it's eating like the French (sitting around a table and savoring our time) or dancing the tango like Argentinians in Buenos Aires. With his trademark warmth and wit, Meik explores the happiness gap for parents, how much money you really need to buy happiness, how we can be healthier without having to go to the gym, how we can learn to build trust and collaboration, how we can help ourselves by helping others, and why our expectations often outweigh our reality. Weaving together original research and personal anecdotes, *The Little Book of Lykke* is a global roadmap for joy that offers a new approach to achieving everyday happiness that not only improve our own lives, but help us build better communities and a better world.

Step aside Hygge. Lagom is the new Scandi lifestyle trend taking the world by storm. This delightfully illustrated book gives you the lowdown on this transformative approach to life and examines how the lagom ethos has helped boost Sweden to the No.10 ranking in 2017's World Happiness Report. Lagom (pronounced 'lah-gom') has no equivalent in the English language but is loosely translated as 'not too little, not too much, just right'. It is widely believed that the word comes from the Viking term 'laget om', for when a mug of mead was passed around a circle and there was just enough for everyone to get a sip. But while the anecdote may hit the nail on the head, the true etymology of the word points to an old form of the word 'lag', which means 'law'. Far from restrictive, lagom is a liberating concept, praising the idea that anything more than 'just enough' is a waste of time. Crucially it also comes with a selflessness and core belief of responsibility and common good. By living lagom you can:

- Live a happier and more balanced life
- Reduce your environmental impact
- Improve your work-life balance
- Free your home from clutter
- Enjoy good food the Swedish way
- Grow your own and learn to forage
- Cherish the relationships with those you love
